The background of the slide features a close-up of a doctor's hands, one above and one below, holding a glowing, semi-transparent hexagonal grid. The grid contains various medical icons: a flask, an atom, a microscope, a network of nodes, a first aid kit, a heart with a pulse line, a stethoscope, a DNA helix, and a central plus sign. The grid is surrounded by floating white plus signs and a blue particle trail at the bottom right.
